Season 2010-11 – Commences Tonight

The 2010/11 summer season kicks off tonight with Triton's masters team playing at the UWA water polo complex. The 45's are the reigning

Premiers and will be bolstered by the inclusion of some new blood.

Senior competition will commence tomorrow night (Wednesday Oct 13th) with teams spread out across the city from Beatty Park to Bicton.

Our Premier League sides are in action this Saturday afternoon at Challenge Stadium.

In the women's competition Triton will take on City Beach at 1:30pm under the tutelage of new coach Mark Balensuela.

The men will take to the pool in the late game at 5:30pm against the dominant Melville. Luke Quinlivan is back in goals after a season of professional water polo in Europe and Gold medal with Australian University Games team.

Finally the junior sides will start their season on Monday night at Challenge Stadium.

Good luck to all those playing this week and if you have some free time please get down to the various venues and check out our teams in action.

Fixtures for all senior and junior matches are available at:

Sunday Club Training - Change of Times

As advised in previous editions of Timeout Sunday Club Training will now commence at 9:00am to accommodate our restructured flippa-ball program.

Flippa-ball will commence at 10:30am and all club members are requested to be out of the pool in a timely manner.

This change has been made with an eye to the future as we look to expand our flippa-ball participation.

Flippa-ball

Flippa-ball will commence this week at 10:30am. This week will be a skills session combined with some game exposure before the competition kicks off on the 24th.

For details please contact Flippa-ball Coordinator Michael Richards.

Memberships

There are still a large number of past members who are yet to complete the registration and payment process. If you are one of them you should not be participating in this week's matches.

Deadlines are set to allow the Membership Coordinator sufficient time to process the membership information and meet WAWPI dates.

Whilst a failure to meet the deadline by one individual causes little impact, the combination of 40-50 individuals results in some very late nights for those involved in the registration process.

Kirsten Campbell must be recognized for her efforts in a difficult job. If you see Kirsten by the pool please thank her.

Complete the survey - \$1000 Cash Prize

Sport and Recreation Clubs play an important role in First Aid throughout Western Australia.

Dr Fiona Wood and her team are keen to find out what clubs know about burns first aid.
